By Estimators For Estimators

2012 TRAINING SCHEDULE

World-Class Training to Meet *Your* Needs!

- Classes lead by experienced cost estimators and project managers.
- Hands-on training delivering better understanding and greater retention.
- Take-home training materials packed with rich, detailed information.
- Certified training by AACEI for Continuing Education Units.

Introductory Training Class

This 2-day class is perfect for first-time users, anyone who wants a great foundation in e4Clicks, and estimators who would like greater depth in the abilities of e4Clicks. We will even introduce eTakeoff™ electronic takeoff / visual estimating software. Learn about:

- Project Management Basics
- Project and Estimate Highlights
- Line Item and RSMeans™ Highlights
- Estimate Reports
- Importing/Exporting
- Technical Evaluations
- Revised Estimates
- Estimate and Line Item Clipboards
- Cloning Estimates and Line Items

Advanced Training Class

This 2-day class picks up where the Introductory Training Class leaves off. This class takes estimators to the next level in speed, efficiency, and depth in e4Clicks. Master those skills that will set you apart from other e4Clicks and RSMeans estimators! Learn about:

- Advanced Project and Estimate Tools
- Advanced Line Items and RSMeans Tools
- Alternate and IDIQ Guides
- Updating Pricing Guide Years
- Totalling Components and Schemas
- Contract Management
- Document Management
- Project Milestones
- eTakeoff – Hands-on Example

This is not your average training class! Excited instructors with knowledge not only in e4Clicks but also the specifics of our industry make this an engaging, incredibly beneficial, and fun event. There's no dozing off in this class!

These state of the art training classes will transform your efficiency, organization, and capabilities. Whether you manage one site or dozens, the knowledge secured in these classes will help streamline your operations, standardize your offices, and increase your work capacity. Truly do more with less – in less time!

Return home with greater confidence in your ability to create complete and accurate estimates!

What do students think?

- "Great class as always! You always make it enjoyable. I like the fact that you guys are always upgrading and making things better and easier."
- "I would just like to tell you that your software is wonderful and awesome. The investments that we did for this seminar (time, money and efforts) are all worthwhile."
- "I am indescribably happy with the software. Your trainers are fantastic. I wish more of our construction contractors had the professionalism and attitude your team displays."
